StoryLines America
Library Time and Expense Record

Please indicate on this form the in-kind and cash contributions involved in your library's participation in the StoryLines America series, and return the form to us with your final report.

We greatly appreciate all such contributions and will include statistics on them in our final report to the National Endowment for the Humanities. Evidence that libraries have supported the StoryLines series with in-kind or cash contributions is valuable in preparing future proposals to NEH for projects that will benefit libraries across the country. Thank you very much.
