Directory of Institutions Offering ALA-Accredited Master’s Programs in Library and Information Studies

Nov 10, 2018

This directory lists all institutions offering ALA-accredited Master’s Programs in Library and Information Studies. The status of each program is correct as of the date noted above. Please consult the searchable database of ALA-accredited programs, available online at www.ala.org/accreditation, to search by specific program criteria, including location, distance education offerings, and areas of concentration or career pathways.
This directory provides information about all library and information studies programs that are accredited by the American Library Association (ALA). The information in this directory is current as of the report date above.

Programs are listed alphabetically by the name of the institution. Each entry includes contact information, the name of the accredited program, the date through which it is accredited, the accreditation status, distance education opportunities, and areas of concentration or career pathways within the program. If you have any questions about a program, please contact the program directly. ALA accredits master’s programs in the U.S., Canada, and Puerto Rico only.

All programs listed in this directory are accredited by the ALA and hold one of four accredited statuses:

- **Conditional accreditation status** is assigned to a program that must make changes to comply with the Standards for Accreditation to enable accreditation beyond the date specified. Programs with conditional accreditation status remain accredited and are listed in the directory of ALA-accredited programs. This status may be conferred following the comprehensive review or following issuance of a Notice of Concern.

- **Continued accreditation status** is granted to accredited programs following a comprehensive review that demonstrate with evidence their conformity to the Standards. Also known as “accredited.”

- **Initial accreditation status** indicates that a program has demonstrated compliance with the Standards for Accreditation and has been granted accreditation for the first time following a period of Candidacy status and comprehensive review. Initial accreditation applies retroactively for students who complete degree requirements 24 months prior to the date that Initial accreditation is granted.

- **Withdrawn, Appeal Pending.** While an appeal is in process, the program retains Conditional accreditation status with regard to student status and program reporting requirements. When the COA withdraws accreditation from a program, any student who is enrolled in the program before the withdrawal of accreditation and who completes the degree requirements within twenty-four (24) months after the withdrawal date is considered to have graduated from an ALA-accredited program.

For more information on accreditation statuses, see Accreditation Process, Policies and Procedures (AP3), available online at www.ala.org/accreditation.
ALABAMA, UNIVERSITY OF   (Continued accreditation)
Masters of Library and Information Studies (Next Review: 2024)

Accreditation granted June 24, 2017, with follow-up reporting due October 1, 2018, on Standards II.5 (procedures for continual evaluation of curriculum), II.6 (documented evidence to substantiate evaluation of curriculum), IV.7 (documented evidence to substantiate the evaluation of student learning outcomes), IV.8 (results of student learning outcomes evaluation systematically used to improve program), V.14 (documented evidence to substantiate evaluation of administration, finances, and resources).
