AASL is Celebrating 65 Years of Service

with a giving campaign to help ensure the future of the school library profession. Campaign funds will support scholarships to student members and the development of an AASL Induction Program.

The Student Bridge Scholarship Fund will support those new to the profession as they transition to regular membership during the first three years of their school library career by “bridging” the cost increase in dues. This fund will ensure our newest members receive support at a time when they need their professional association the most.

The AASL Induction Program, scheduled to launch at the 2017 AASL National Conference, will offer a comprehensive program to ensure that members are prepared to actively shape the future of the K-12 education landscape as leaders within their schools and the association.

As a thank-you for your generous support all donors giving $65 or more will receive the 65th anniversary lapel pin with a simulated blue sapphire gemstone. Donors at the $650 level and above will receive the simulated diamond donors pin.
