2. stands with the LGBTQ*, Latinx, and diverse communities in confronting hate, discrimination, and bias while recognizing that they are impacted by violence at a much higher rate than the rest of society; and

1. extends its sincere condolences to the family and friends of the 49 people who were shot dead at the Pulse nightclub in Orlando, and to all the families and friends of the thousands of victims of gun violence;
2. deplors the gun violence that materially affects the communities we serve;

3. works with other professional associations to support sensible and effective and national gun safety laws, oppose “gun friendly” state legislation, in particular any legislation that permits the carrying of guns in or near libraries and schools;
4. calls on Congress to lift restrictions that prohibit the Centers for Disease Control and Prevention and other Department of Health and Human Services agencies from conducting gun violence research as a response to library communities in crisis; and
5. to advance the idea of libraries mitigating violence in our culture by serving as “safe havens” for the public, as evidenced during the recent uprisings in Ferguson, MO and Baltimore, MD, and by offering public education opportunities that advance the notion of libraries as perpetrators of peace.“

REFERRED, ALA CD#46_62516_ACT (formerly: MMD#5) Resolution Concerning the Creation of the Deaf Culture Digital Library, to the Committee on Legislation (COL) and the Association of Specialized and Cooperative Library Agencies (ASCLA) for a response back at Council III, June 28, 7:45-9:45am. Resolved, That the American Library Association (ALA), on behalf of its members:

1. reaffirms its unequivocal support for the Library of Congress’ (Library) apolitical, professional determination to cease use prospectively of the subject headings “Illegal aliens” as articulated in its formal Resolution of January 12, 2016, and here also endorses the Library’s specific March 2016 proposal to retire both that term and the subject heading “Aliens” as it relates to non-extraterrestrials (March Proposals);
2. emphasizes for the particular benefit of legislators that the purposes and uses of the Library’s subject headings have for more than a century been and remain entirely different from those animating Congress’ selection of subject headings in the United States Code (Code), and that the Library’s subject heading choices have no, and should have no, effect upon or relationship to the Code; and
3. instructs the ALA Executive Director to convey the entirety of this Resolution to all germane Members of Congress, media of all forms, and such other parties both within and outside of government, including but not limited to other national non-profit organizations, as may assist the Library in preserving its venerable independent cataloging processes and in implementing its March Proposals.

ADOPTED, the insertion of following new interpretation (ALA CD#19.2, User Generated Content in Library Discovery System: An Interpretation of the ALA Library *Bill of Rights*) into the *ALA Policy Manual* as recommended in the Policy Monitoring Committee Report, ALA CD#17.1_61526_ACT:

B.2.1.25--User-Generated Content in Library Discovery Systems. Libraries offer a variety of discovery systems to provide access to the resources in their collections. When discovery systems incorporate social media components, intelligent objects and knowledge-sharing tools, they create opportunities for users to contribute to discussions about library resources within the discovery system. Libraries that open their discovery systems to user-generated content should develop and publish viewpoint-neutral policies that describe how users may contribute, how user-generated content will be displayed, and how the personal information of contributors will be protected. Adopted, January 2016.

(See “Policy Reference File”: User-Generated Content in Library Discovery Systems: An Interpretation of the Library Bill of Rights, 2015-2016 ALA CD#19.2 – PDF, 2pgs)
