DRAFT OF MOTION:
That the Executive Board approves applying the calendar year 2014 change in the national average Consumer Price index (CPI) to adjust personal member dues in FY16.

DATE: January 29, 2015

BACKGROUND:
In the 2013 election, ALA personal members voted to approve and establish a five-year personal dues adjustment mechanism not to exceed the percentage change in the national average Consumer Price Index applied beginning FY14 and running through FY18. As directed by Council, the ALA Executive Board must annually review the change in the CPI and its impact on ALA dues levels and the overall ALA budget. In calendar year 2014 the national average CPI increased by 1.62 percent. This impact on ALA dues levels is shown below. These adjustments equal approximately $60,000.
**Action Requested:**
That the Executive Board approves applying the 2014 change in the national average Consumer Price Index (CPI) to adjust personal member dues in the FY2016 budget.
