

**Minutes of the ACRL College Libraries Section
Medium Sized Libraries Discussion Group
Midwinter Meeting, 2006**

ALA Midwinter The CLS Directors' Discussion had 46 in attendance, a number of whom were from the new directors' mentor program. There was an unusual number of first time attendees. Many topics were proposed for discussion, but we ended up with six tables:

1. information literacy
2. assessment
3. staff recruitment, motivation and organizational structure
4. the extroverted librarian (convincing, justifying)
5. integrating systems, web, and electronic resources
6. new buildings and renovations.

As usual, we talked at tables for 45 minutes and then switched tables, so everyone got to talk about at least two different topics and to meet some new people.
