This was a new time slot for the session. In spite of the early hour, there were 32 persons who attended. After an introduction of each person and the sharing of individual “hot topics,” the co-chairs organized the discussion tables around the following topics:

- Staff Re-purposing (reorganizing, training, general staff development topics)
- Strategic Planning, Fundraising, etc.
- Directors Career Paths
- Space Reallocation (including information commons, etc.)

At approximately 9:15 a.m., the attendees chose a second table to discuss another topic.
