HISTORY

The Education and Behavioral Sciences Section of the Association of College and Research Libraries, American Library Association, originated from the interest and planning of two education librarians in 1967, immediately after the summer annual conference in San Francisco.

Barbara S. Marks, then Education Librarian, General University Library, New York University, and Howard W. Dillon, then Associate Librarian of the Graduate School of Education, Harvard University, met at that San Francisco conference and discussed problems that they had in common in their respective libraries. As a result of their discussion, they began a movement to establish a subsection of education librarians within the Association of College and Research Libraries.

Shortly after the 1967 ALA conference, a letter, signed jointly by Mr. Dillon and Mrs. Marks, was sent to education librarians in the organization. The letter, drafted by Mrs. Marks, stated in the opening paragraph:

> It was our opinion that we could benefit from regular opportunities to communicate with our colleagues engaged in serving the education community in this manner. The problems worthy of attention are many. We find ourselves administering collections of growing complexity as the media for presenting curricula become more varied. The abstracting and indexing services for the literature of interest to educators today fall far short of our needs. The U.S. Office of Education has committed itself to a major program in indexing and disseminating the research literature of the profession—a program with implications for each of us. How can we voice our concern about these and similar problems and participate in rational solutions to them? We believe the first step is through the American Library Association.

In the same letter, they informed their fellow education librarians that, at that time, there were four subsections in the Subject Specialists Section of the Association of College and Research Libraries, and that:

> By petition it would be possible for twenty-five members of ALA to initiate action to form an Education Subsection. Early action is advisable in order to bring this matter before the ACRL Planning and Action Committee at the ALA Midwinter Meeting, 1968. Favorable action at that time could permit the subsection to hold its organizational meeting during the 1968 Conference in Kansas City, June 23-29.

The petition for the formation of an Education Subsection caught the attention of librarians from the East to the West coast, and they joined in the proposal.

From these 27 names were drawn a mailing list for a newsletter written by Mr. Dillon. The newsletter ran to four issues, from November, 1967 to May, 1968. He did not intend it to be an official publication, but a means of communication during the early stages. At the same time he conducted a survey of education libraries. In the first newsletter he reported a suggestion from Wayne Gossage that the petition be broadened to include psychology and sociology.

At the request of Mrs. Marks, Mr. Dillon drafted the statement of purpose for the proposed subsection in November, 1967. This statement of purpose and scope, which was submitted to the Association of College and Research Libraries at the 1968 ALA Midwinter Meeting was approved:

> The Purpose of the Education and Behavioral Sciences Sub-section of the Subject Specialist Section is to provide a forum for the discussion of common problems in providing library service to educators, psychologists, and sociologists.

This Sub-section will concern itself with any issues related to its purpose. Among these are: the collection and indexing of instruments to test and measure intelligence, aptitude, achievement, skills, and attitudes; methods for handling the variety of media now employed in the publication of information, particularly curriculum materials; access problems regarding audio tape, video tape, and film records of teaching and counseling styles; and the presently uneven and limited abstracting and indexing services for these subject fields. The development, scope, and quality of any government, society, or commercial services which publish information or produce products for the bibliographic control of information useful to education and behavioral science library collections will be appropriate subjects for the review of this Sub-section. Consistent with the Constitution and Bylaws of the Association and Division, this Sub-section shall have the authority to draft and issue statements of position on issues falling within its scope of interest.
Appropriate means of communication and discussion, including Sub-section meetings at the Annual Conference and special meetings in conjunction with other library and professional groups, will be considered by the duly elected officers of the Sub-section.

In March, 1968, the third newsletter announced the approval for the formation of the Subsection and the planning for an organizational meeting at the ALA Annual Conference in Kansas City. The fourth, and final, newsletter of May 20, 1968, gave the time for a late afternoon meeting, and the first formal program was to be a discussion of educational abstracting and indexing services. The first program featured a panel composed of Harvey Marron, Chief, Educational Research Information Center (ERIC), James Humphrey III, soon to become a vice-president of the H.W. Wilson Company, and Sidney Forman.

The mechanics of establishing the Subsection were devised by Howard Dillon, Wayne Gossage and Barbara Marks at their meeting in April. According to the words of Mrs. Marks in her letter requesting assistance from other librarians, “...in the absence of any formal democratic machinery”, they appointed themselves as temporary officers with Mr. Dillon as Program Chairman, Mr. Gossage as Chairman of the Bylaws Committee, and Mrs. Marks as Chairman of the Subsection.

Two committees were formed, and members were named to the Organizing and Bylaws Committees. The Organizing Committee was composed of Barbara Anderson, Lorraine Mathies and Rose Marie Service, and the Bylaws Committee of Toyo Kawakami, Margaret Mattern, and Jacqueline Peldzus. The first draft of the Bylaws was written by Mrs. Kawakami, and it was amended by other members of the committee.

The first official meeting of the Subsection as a recognized body within the American Library Association was held at the ALA Annual Convention for 1969 in Atlantic City. The scheduled meeting was held on June 24 with Mrs. Marks presiding. About fifty or more librarians, representing the subject areas designated in the name of the Subsection, attended this session.

The program of this section was based on “Tests: Problems of Bibliographic Control, Collection, Maintenance, and Preservation”, with Mr. Dillon as moderator. The Speakers were Oscar Buros, the distinguished editor of Tests in Print and the Mental Measurements Yearbook, and Priscilla Linsley from the Carl Campbell Brigham Center of the Educational Testing Service in Princeton, New Jersey.

At the 1970 ALA Conference in Detroit the Subsection sponsored a series of workshops on ERIC held on successive days, and a lecture by Harvey Marron, Chief of ERIC, at the membership meeting.

The Bylaws for the Subsection, written two years before, were ratified at the same 1970 conference.

Archival materials show evidence of three EBSS committees active in 1970:

— Committee on ASCD Curriculum Materials. Chair, Earl Shaffer.
— Committee on Bibliographic and Physical Control of Nonprint Materials. Chair, Margaret Mattern.
— Committee on Psychological Tests. Chair, Priscilla Linsley.

In 1976 Wayne Gossage and Ruth Bauner organized responses to Gossage's “open letter” to EBSS members in the February, 1976, C&RL News and ideas generated in “discussion circles” held at the 1976 ALA Annual Conference. Five ad hoc committees were established for the 1976-77 year. Of these five, four become standing committees with slight variation in their titles and charges.

Further, an extensive mailing from Wayne Gossage, Immediate Past Chair, in September 1976, clearly defined expectations for committee members and charges for the newly formed ad hoc committees. The current foci of EBSS are a direct outgrowth of this organization of the Education and Behavioral Sciences Section.

(Note: In 1992, during an update of the manual, the archival materials were removed. Copies of these items are located at the ALA Archives at the University of Illinois at Urbana-Champaign Library.)

1 Drafted by Toyo Kawakami. Edited by Virginia Parr.

EBSS MANUAL UPDATING GUIDELINES
May 1998, updated 2004 and July 26, 2011

The Manual is an online document maintained by the EBSS Web Manager. The EBSS Publications and Communications Committee, with assistance from the Past-Chair, is responsible for revising the contents of the Manual. The Manual is revised prior to the Annual Conference and substantive changes approved by the EBSS Executive Committee at the Annual Conference.

1. Check with EBSS Section Chair (or Vice-Chair) to find out if any committee charges have been revised.
2. Check with EBSS Section Chair to find out if any committees have become defunct or if any new ones have been instituted. Move defunct committees from “active” section of manual to “defunct” section.
3. Update list of Executive Committee members. Current information should be available on the EBSS Contacts web page.
4. Get names of new committee chairs and discussion leaders from the EBSS Committee Rosters (available on website).
5. Add any new forms that have been developed and replace any revised forms. Check with the EBSS Section Chair or Secretary.
6. Check ACRL and ALA phone numbers and web addresses for any changes.
7. Announce at the Advisory Council meeting that all committee chairs should check the information about their committee in the Manual and give any needed revisions to the Publications and Communications Committee Chair.
8. Provide all changes to EBSS Web Manager.

A. Name
The name of the organization shall be the Education and Behavioral Sciences Section (EBSS) of the Association of College and Research Libraries, a division of the American Library Association, hereinafter referred to as the Section.

B. Purpose
ACRL Sections are established primarily for the purpose of building communities of learning and providing professional development and networking opportunities for their members. A Section’s name, purpose, and mission are as proposed by the Section and approved by the ACRL Board. The ACRL Board ascertains that overlaps between the mandates are of various Sections are minimized. The Section shall represent librarians and others in the field of education and behavioral sciences in academic libraries, independent research libraries, and special libraries.

The Section has the responsibility:

a. to assist librarians in developing and maintaining quality education and behavioral sciences library service and facilities;
b. to provide means of communication among professionals in education and behavioral sciences disciplines regarding information access and other professional issues;
c. to review information access in the education and behavioral sciences and to recommend improvements;
d. to advance the professional interests and continuing education needs of education and behavioral sciences librarians;
e. to be an advocate for the interests of education and behavioral sciences libraries and librarians before decision-making and policy-setting bodies.

C. Membership
Members of the Section shall consist of those persons and organizations that, in accordance with ALA Bylaws, Article I, have paid dues to ALA and ACRL and have selected Education and Behavioral Sciences Section membership. Every personal member of the Section has the right to vote and is eligible to hold office. Any member of the Association of College and Research Libraries may elect membership in this Section. The number of “community of practice” affiliations included in the basic ACRL dues is determined by the ACRL Board. The dues for additional affiliations are also set by the ACRL Board.

D. Relationship to ACRL Board
The Board shall be authorized to establish Communities of Practice (including Sections), to monitor their activities, and determine their continuance in consultation with the respective groups. The Board shall also be entitled to establish policies to govern the activities of Communities of Practice. (ACRL Bylaws, Article XV)

The Board liaison role provides a critical connection between membership structures and the ACRL Board of Directors. This liaison role can be particularly helpful in providing perspective, guidance, and insight regarding ACRL policies, procedures, and initiatives; soliciting feedback from Communities of Practice regarding proposed Board actions; and providing helpful advice regarding Action Plan Proposals and Board Action Forms which community of practice leaders will need to submit for official ACRL Board and ACRL Executive Committee action/decisions. The liaison relationship is meant to enhance communication; it is not an advocacy role and for that reason Board members are asked to liaison with communities in which they have not been active. (Tip Sheet for Board Responsibilities)
The Board of Directors is the voice for the association. Sections, committees, and other established units are not authorized to speak for the association except through the Board. This is to say that unit leaders should refrain from issuing statements, taking positions, or endorsing any statements or positions except with Board approval. (ACRL Guide to Policies and Procedures, Chapter 5.12.8, Use of ACRL’s Name)

E. Meetings
Section meetings at the ALA Midwinter Meeting and ALA Annual Conference are scheduled by the Section chair.

ACRL units are encouraged to work outside of Midwinter and/or Annual Conference to increase group participation, efficiency, and productivity. Electronic meetings are conducted within the environment of ALA/ACRL bylaws and policies. In all cases these requirements must be adhered to, although they may have to be adapted to fit the virtual environment. The *ALA Policy Manual* 7.4.1 defines a meeting as “an official assembly, for any length of time following a designated starting time, of the members of any board, committee task force, commission, etc., during which the members do not separate except for a recess and in which the assembly has the capacity to formalize decisions.” Conference calls, Internet chat sessions (and their equivalents), and in-person meetings are recognized as meetings subject to the open meetings policy (ALA Policy 7.4.4). Committees must confirm all decisions made in these forums by affirming the actions at the next face-to-face meeting.

There is a distinction between carrying on work of a committee electronically and conducting an electronic meeting. Asynchronous electronic discussions by electronic mail or other asynchronous communication methods do not constitute meetings because they are not an official assembly with a designated starting time (*ALA Policy Manual* 7.4.1). The *Standard Code of Parliamentary Procedure* (Alice Sturgis) applies to meetings of the Section to the extent that it is applicable, upholds the integrity of the voting processes, helps facilitate progress, and ensures equality, fairness, and common sense.

For further information about conducting virtual meetings see the ACRL FAQ for virtual meetings [http://www.ala.org/ala/mgrps/divs/acrl/resources/tipsheets/virtualfaq.cfm](http://www.ala.org/ala/mgrps/divs/acrl/resources/tipsheets/virtualfaq.cfm) and FAQ: E-Participation in ALA committees and similar bodies 16 June 2010.

The Section shall hold an annual meeting at the time and place of the Annual Conference of the American Library Association. Special meetings of the Section may be called by the Chair with the concurrence of the Executive Committee. All members of the Section shall receive notification of a special meeting at least one month prior to the scheduled date of the meetings. The Section, with the approval of the Board of Directors of the Association of College and Research Libraries, may hold closed meetings or joint meetings with other sections.

The EBSS Advisory Council shall meet regularly at the time and place of the Annual and Midwinter meetings of the American Library Association, although these can be conducted virtually, as long as the time and place of the meeting is announced to the membership at least 10 days in advance, in order to adhere to ACRL open meeting policy. Whenever possible, if meeting in person, the Advisory Council meeting shall be scheduled following the meetings of the Section and before the final Conference meeting of the EBSS Executive Committee. The Secretary of the Section shall take minutes at the Advisory Council meeting. A majority of the voting members shall constitute a quorum at any meeting of the EBSS Advisory Council.

Regular meetings of the EBSS Executive Committee shall be held at the time and place of the Annual and Midwinter meetings of the American Library Association, although the Midwinter meeting may be conducted virtually, as long as the time and place of the meeting is announced to the membership at least 10 days in advance, in order to adhere to ACRL open meeting policy. Special meetings may be called at the discretion of the Chair. Only elected members of the Executive Committee may vote at Executive Committee meetings, although all Executive Committee meetings shall be open to all members of the Section. An essential responsibility of the chair is to communicate with the committee, other committee chairs, EBSS officers, and EBSS membership as appropriate. Chairs must also attend the Advisory Board meetings, and if necessary, Executive Committee meetings.

If these duties are not being accomplished, the EBSS chair will communicate with the individual to ascertain if the individual needs additional support or needs to step down. If the committee chair is unresponsive or does not follow through on communication or commitments to the committee or to EBSS, then the EBSS chair, through consultation with the ACRL Board Liaison can remove the individual from the committee and appoint another member as committee chair. The EBSS chair will notify the unresponsive chair, EBSS Vice Chair and the ACRL Board Liaison of the change.

Adopted, EBSS Executive Committee, June 26, 2011

Liaisons.
The Executive Committee of the Section may appoint liaisons to other groups of related interest. It is understood that such appointment is for informational purposes and does not constitute official representation of ALA, ACRL or the Section, and that no financial support is implied in such an appointment. The Section must contact the ACRL office if it is interested in appointing liaisons. The ACRL office maintains a list of "official representatives" (individuals representing ALA/ACRL to groups approved by ALA Council) and "unofficial liaisons." The term of appointment shall be one year, with the possibility of one renewal appointment.

Discussion Groups.
a. Establishment. Any group of ten or more members interested in discussing common concerns that fall within the objectives of the Section may form a discussion group upon written petition to and approval by the Executive Committee.

b. Members. Membership in a discussion group shall be open to all members of the Section.

c. Officers. When a discussion group is formed, the group chair shall be appointed by the Vice-Chair/Chair-Elect of the Section. In succeeding years each group shall elect a chair and other officers as appropriate. The group chair must report to the Executive Committee and the Section membership at the Advisory Council meeting and/or at the membership meeting.

Dissolution.
A discussion group may be dissolved at its request by the Executive Committee of the Section and shall be dissolved by vote of the Advisory Council if it becomes inactive or fails to comply with the provisions of this article.

J. Nominations and Elections
To be nominated, elected, and continue to serve on a Section’s Executive Committee, a person must be a current member of the Section (with ALA, ACRL, and section dues—if applicable—paid).

Nominating Committee.
a. The Vice-Chair/Chair-Elect shall appoint a Nominating Committee of three members, designating one of the appointees as committee chair.

b. The committee shall choose, in accordance with the time schedule set by the Executive Director of ACRL, a slate of only two nominees for each of the elected offices that will become vacant at the conclusion of the Annual Meeting. Representation of both education and the behavioral sciences should be considered in the selection of these nominees for office. If, within two weeks of the deadline date for submission of nominations to the ACRL office the Nominating Committee is unable to identify two candidates for any office, it must request authorization the EBSS from Executive Committee to submit a single-candidate slate. Persons who have served in some capacity on the Executive Committee or Advisory Council should receive
first consideration for nomination as an officer.
c. All nominees must be members of the Section and must consent in writing to their candidacy.

Statement of Objectives
To assist the membership of the Section in making informed choices, each candidate for the office of Vice-Chair/Chair-Elect shall be asked to provide a brief statement of objectives for the Section in time for the statement to be published prior to balloting.

Additional Nominees
a. Additional nominations of members in good standing for inclusion on the ballot may be made by petitions signed by no fewer than 20 Section members and filed with the Executive Director of ACRL at least three months prior to the date on which ballots must be mailed.
b. The petition must be accompanied by the written consent of the nominee to stand for election, and by a Statement of Objectives when the nomination is for Vice-Chair/Chair Elect.

Elections
a. Elections shall be conducted by mail ballot in accordance with the procedures and deadlines established by ACRL/ALA.
b. For each office, the candidate receiving the largest number of votes cast shall be elected. In case of a tie vote, the successful candidate shall be determined by lot, conducted by the ALA Committee on Election. (ALA Bylaws Article III, Section 5)
c. Candidates elected shall be reported at the Annual Meeting by the Chair of the Nominating Committee.

K. Vacancies
Chair: The Vice-Chair/Chair Elect shall succeed to the office of the Chair and shall continue in the office until the expiration of the term for which s/he was originally elected to serve as Chair. The vacated Vice-Chair/Chair-Elect position shall remain vacant until the next general election.

Vice-Chair/Chair-Elect: Vacancies in this office must be filled only by election.

If both the offices of Chair and Vice-Chair/Chair Elect become vacant within the same term, the Executive Committee shall elect as Chair, for the remainder of the term, one of the members of the Executive Committee. Both of these vacancies shall be filled by election at the next regular election after the vacancies occur.

Other elected officers: The Chair shall appoint a member of the Section to complete the term of the office being vacated, except for a vacancy in the office of Past Chair, which shall remain vacant.

Appointed officers: The Vice-Chair/Chair-Elect shall appoint a member of the Section to complete the term of office being vacated.

L. Amendments to Governance Procedures
These Operating Procedures may be amended by the EBSS Executive Committee as long they are not in conflict with ALA/ACRL bylaws, policies, and procedures. Changes to these governance procedures do not require, and should not include, a ballot vote by the membership. Sections may determine their approval process (e.g., responsibility of the Executive Committee, vote at face-to-face Section membership meeting, etc.). A current copy shall be provided to the Executive Director per ACRL Bylaws, Article XV, Section 3. Available at http://www.ala.org/ala/acrl/aboutacrl/resourcesforwork/tipsheets/tip27procedures.cfm

EBSS EXECUTIVE COMMITTEE GUIDELINES ON CONSULTING WITH EXTERNAL AGENCIES

Section I. Purpose
These guidelines have been developed to provide information to EBSS Officers and Committee chairs regarding their interaction with agencies/organizations outside of EBSS. These guidelines are not intended to restrict the activities of Committees in fulfilling their charge; rather they are provided to ensure compliance with ALA/ACRL guidelines and coordinated efforts among EBSS committees.

Section II. Relevant ALA/ACRL Policies
The ACRL Guide to Policies and Procedures serves as EBSS's basic guide in structuring its activities. Policies that are particularly relevant to work with external agencies are:

Liaisons to Other Groups
ACRL sections may appoint liaisons to other groups of related interest. It is understood that such appointment is for informational purposes and does not constitute official representation of ALA, ACRL or the section, and that no financial support is implied in such an appointment.

Sections should contact the ACRL office if they are interested in appointing liaisons. The ACRL office maintains a list of “official representatives” (individuals representing ALA/ACRL to groups approved by ALA Council) and “unofficial Liaisons”.

Endorsement of Publications
ACRL should not endorse any book or other publication and only free materials produced by librarians should be announced. Individuals or groups who inquire about endorsement of publications should be advised on procedures for renting ALA/ACRL mailing lists.

Grant Proposals
Any grant request going forward with ACRL's approval must be for a project that will benefit either academic/research libraries or their clientele. It is mandatory for ACRL staff to do a technical procedural review of all funding proposals submitted to granting agencies, including ALA. Every grant request going forward with ACRL approval must have been reviewed for content and competence and the Board must approve and, where appropriate, forward only one proposal to each granting agency.

Section III. Committee Activities That Require Prior EBSS Executive Committee Approval
In addition to the activities addressed by ALA/ACRL policies, EBSS Committee chairs should also request approval from the EBSS Executive Board prior to initiating or responding to external agencies under the following circumstances:

A. Written comments on the behalf of EBSS or its committees that are addressed to publishers, vendors and organizations regarding specific publications, products or issues.

B. The distribution of surveys and questionnaires to publishers, vendors and organizations for the purpose of obtaining information.

C. Interaction with any consultants either requiring or offering financial reimbursement.

Section IV. Procedures For Obtaining EBSS Executive Committee Approval
When a committee anticipates contact with an external organization as described in Section III above, the Committee Chair should request that the specific issue be placed on the agenda for the Executive Committee meeting at the Midwinter Meeting or Annual Conference. If the issue cannot wait until a regularly scheduled meeting for resolution, the Committee Chair should send their request to the EBSS Chair who will consult with the Executive Committee as directed in the EBSS bylaws.

In submitting the request the Committee Chair should submit a draft of the written comments, survey or questionnaire and should also provide copies of any correspondence or minutes related to the issue at hand.

Section V. Committee Activities that Require EBSS Executive Committee Notification
EBSS Committee chairs should also notify the EBSS Executive Board when initiating or responding to external agencies under the following circumstances:
A. Written requests for information about the Committee's activities or from the Committee regarding publications, products or issues.

B. Requests for representatives from publishers, vendors or organizations to meet with a Committee for the purpose of providing information.

C. Scheduling tours or visits to local facilities which are of interest to the Committee membership. All EBSS members should have the opportunity to participate in a tour or visit which is planned by a specific EBSS Committee.

The EBSS Newsletter editor is appointed for a two-year, once-renewable term by the EBSS Executive Committee upon recommendation of the Publications Committee. The editor works with the EBSS Executive Committee to implement policy and to coordinate activities with the ACRL Publications Office and its staff.

The editor reports administratively to the Publications Committee. The Publications Committee presents to the Executive Committee budget, policy, and other items requiring Executive Committee action. The editor provides information reports to both the Executive Committee and the Publications Committee.

The editor's responsibilities include: (a) preparation of the EBSS Newsletter, (b) maintaining communication with the various committees and discussion groups within EBSS to obtain information of interest to the membership and others interested in EBSS activities, (c) working with the EBSS Executive Committee and ACRL Publications Office to publish and distribute two issues of EBSS Newsletter per year in a timely manner, (d) attending regularly-scheduled EBSS Publications Committee and ACRL Newsletter Editors meetings at both Annual and Midwinter meetings, and (e) providing a written report to the ACRL Publications Committee at Annual Conference.

It is the responsibility of the editor to revise, lengthen, or shorten articles submitted to accommodate space limitations, rectify syntactic irregularities, and the like. If this involves more than stylistic changes and may influence an article's content or meaning, the editor will consult with the author of the report or article to insure unambiguous content. The editor may also request that extensive revisions be undertaken by the author.

The editor may also decline to include material if it is not revised to conform to length limitations, appropriateness to the audience, or quality of the material. The editor will consult other members of the Publications Committee and Section officers as necessary.
The Executive Committee and the Publications Committee affirm their roles of non-interference with editorial decisions as articulated in “ALA Policy Manual” section 10.2.

EBSS WIKI AND ALA CONNECT
Adopted and Amended by EBSS Executive Committee: July 26, 2011

The EBSS Wiki (http://wikis.ala.org/acrl/index.php/EBSS) is also maintained by the EBSS Web Manager(s), with options for editing by EBSS chairs and officers. The purpose of the WIKI is to highlight News & Information (such as Information about Midwinter and Annual Conferences, New Leader Orientation, EBSS Newsletters and other committee listservs); EBSS Committee Projects & Publications (such as links to committee web pages and wikis); and Online Environments (such as links to the EBSS website and ALA Connect).

ALA Connect (http://connect.ala.org/) is the workplace for EBSS committees. The EBSS Web Managers maintain the structures within the EBSS areas. Committee chairs are responsible for posting agendas and minutes to their ALA Connect space and may use the site for discussions and internal committee work. When posting agendas and minutes to the committee space within ALA Connect it is important to check the “public” option when saving documents so that these can be viewed by individuals outside the committee. The EBSS space on ALA Connect is linked from the EBSS WIKI (http://wikis.ala.org/acrl/index.php/EBSS).

EBSS WEB MANAGER
January 2000

There is one Web Manager and one to two Assistant Web Managers of the EBSS web site. Managers serve staggered terms and are selected by the Publications and Communications Committee with the approval of the Section Chair. Upon appointment the Web Manager becomes an ex-officio member of the Publications and Communications Committee, the Advisory Board and the Executive Committee. Terms are two years, with possibility of reappointment.

The Web Managers’ responsibilities include: (a) hosting the EBSS web site; (b) maintaining the currency of information and links on the core EBSS pages; (c) consulting with EBSS committees on the technical aspects of web projects; (d) assisting with the organization and guidelines for use of the EBSS wiki and EBSS ALA Connect Spaces and (e) assuring that all pages that are products of EBSS or one of its committees adhere to guidelines established by ALA, ACRL and EBSS.

EBSS NEW CHAIR INFORMATION

ACRL PROCEDURES
A key resource for all ACRL leaders is ACRL's Guide to Policies and Procedures. Make certain you review it carefully. Particularly useful sections are:

- ACRL Foundation Documents including the Strategic Plan, ACRL Constitution and Bylaws.
- Budget and Finance
- Publications
- Sections (includes responsibilities and calendars for section officers)

Committee chairs should be familiar with the EBSS Manual for Officers and Committee Members, which includes guidelines and the policies of EBSS.

Other EBSS publications that may be helpful are the EBSS Executive Committee and Committee Chair Roster and copies of the EBSS Newsletter.

COMMITTEE PROCEDURES

If you are new to your Committee, it is a good idea to meet with the past chair. This meeting should provide information on the formal work of the committee by reviewing the past minutes. A meeting with the previous chair can also help you learn the Committee atmosphere and traditions (Does the group provide sharing time at the beginning of the meeting? Is arranging a lunch or dinner prior to or following the meeting a tradition for the Committee?)

USE ACRL OFFICE FACILITIES AT CONFERENCE
The ALA Office at Annual Conference and Midwinter Meeting can provide great support to Committee Chairs. Computers are available for last minute document preparation and revision. The ACRL Office can supply you with copies of ACRL forms as well as information on ACRL procedures. Copies made for committee business can be charged to ACRL at the ALA Copy Center.
CHECKLIST FOR COMMITTEE CHAIRS
Adapted from a Draft: Committee Chair Responsibility Checklist, Task Force for Support of New Committee Members and New Committee Chairs

LOGISTICS OF A MEETING
1. Immediately prior to meeting:
   a. Start a sign-up sheet (name, institutional address, check mark for committee members, asterisk for visitors who would like to be committee members).
   b. Ask one member to take minutes, if there is no secretary
2. Start on time.
3. Introduce all members and visitors.
4. Check on comfort (enough chairs?).
5. Reading and/or approval of minutes of last meeting.
6. Announcements (time and place of related meeting, etc.).
7. Review committee charge; relate committee purpose to other section committees and to other related ALA committees and activities.
8. Discussion of agenda items, with reports from committee members, as assigned. Committee members should be given copies of any documents to be reviewed; extra copies should be distributed to visitors.
   a. Keep the discussion focused and the group on-task.
   b. Establish time constraints, as needed, for each agenda item.
9. Summarize the discussion, set action items and make individual assignments, with deadlines for correspondence or other reports, as needed; develop preliminary agenda for the next meeting.
10. Set date and time of next meeting.
11. Close the meeting

AFTER THE MEETING
1. Send minutes to committee members to edit and approve within two weeks of meeting.
2. Send approved meeting minutes to the EBSS Secretary with copies to the EBSS Web Manager. Post the minutes on your committee’s EBSS ALA connect space and make them “public”.
3. Approximately one month before the next meeting, send copies of meeting report (or minutes of the meeting) to all committee members, together with agenda for the forthcoming meeting. Post the agenda to your committee ALA connect space and make it “public”

PRELIMINARIES
- Committee chairs assume responsibility for the work of the committee immediately after the ALA annual conference. Committee appointments also take effect at that time. The first required meeting for new committee chairs and members is the midwinter meeting following the appointment.
- Outgoing and incoming chairs should make arrangements to discuss the work and direction of the committee and any specific responsibilities that have been assumed by committee members. This should be accomplished at the annual conference or immediately following the conference.
- Outgoing and incoming chairs should make arrangements to have archival material transferred. Active files are given to the new chair and the inactive files to the section secretary for forwarding to ALA/ACRL official archives at the University of Illinois.
- Members of section committees (ad hoc or standing) are appointed by the vice-chair/chair-elect of that section; ACRL standing and ad hoc committees are appointed by the vice-president/president-elect of ACRL. Names and addresses of committee appointees are due in the ACRL office by the beginning of March. Committee chairs DO NOT make committee appointments, but are encouraged to make suggestions to the vice-chair/chair-elect.
- Committee chairs are responsible for maintaining a roster of current names/addresses/phone numbers of all committee members and for distributing the roster to all committee members.
   1. Obtain roster of continuing members from outgoing chair.
   2. The vice-chair or president-elect will have the names and addresses of new appointees.

MEETING OBLIGATIONS
- Committee chairs are responsible for conducting any scheduled committee meeting(s). Some committees may meet more than once.
• If your committee is meeting virtually, in lieu of in person for midwinter or annual, the chair is required to announce the meeting time and place on EBSS-L at least two weeks prior to meeting (to adhere to the open meeting policy of ACRL).
• EBSS requires that committee chairs report the committee activities at the membership meeting during annual conference. Chairs also attend Advisory Council, and may be asked to speak about committee activities at that meeting.
• ACRL standing and ad hoc committee chairs and ACRL section chairs must attend the ACRL Board meeting at both midwinter and annual.

**Written Communications**
• Approximately one month before the midwinter and annual meeting, agendas should be sent to committee members, to the Section Secretary, the Web Manager and to the Section Chair. Extra copies should be available at the meeting. Post the agenda to your committee space on ALA Connect and make it “public”
• Minutes for the committees should be kept. Copies should be sent to each committee member, the Web Manager and to the Section Secretary. Post the minutes to your committee space on ALA Connect and make it “public”
• A meeting report is to be filed with the Section Secretary no later than two weeks following the committee meeting. Each report should include the names of the visitors, the location and time of the meeting, and all actions and recommendations. Visitors' names can be taken from a sign-up sheet circulated at the meeting.
• Only the Section Chairs receive the official mailings from ALA/ACRL headquarters. The chair should inform the committee members of the dates and times of the scheduled meetings. This should be done as early as possible so that committee members can make travel plans.

**Budget**
• The vice-chair/chair-elect of each section and the vice-president/president-elect of ACRL must present budget requests to ACRL by December. Budget allocations are decided by the ACRL Budget and Finance Committee at the midwinter meeting.
• Committee chairs will be asked to submit budget requirements to the vice-chair/chair-elect or vice-president/president-elect before the December deadline. It is up to the committee chair to anticipate the budget needs of the committee. Requests made in December are for the following fiscal year - September 1, 19__ to August 31, 19__. (For example, December 1993 for fiscal year September 1, 1994 to August 31, 1995).

**Reimbursements**
• Each unit of ACRL is allotted funds by the ACRL Committee on Budget and Finance and the ACRL Board of Directors. Funds may be used only for the purpose for which they have been approved.
• Requests made for payment or reimbursement must have the approval of the chair of the chapter/committee/section (committee) to whom the claim is to be charged. ACRL provides instructions and official forms for payment or reimbursement requests.

**Meeting Time Slots**
• *Section Chairs* are usually responsible for selecting meeting arrangements for midwinter and annual for all section committees. The section committee chairs will not have this particular responsibility, but they should be consulted at the midwinter and annual conference regarding the length and number of meetings required.
• Chairs will automatically receive conference arrangement emails. It is important to submit requests by the set **deadline**. Scheduling instructions are included in the email.
• Room assignments are sent to the section chairs in advance of the conferences. They, in turn, should notify committee chairs and the web manager of the section. Room locations are also printed in the Conference Program available at registration.
• If a committee decides to meet virtually at midwinter, in lieu of in person, it is up to the chair to organize the platform and time for the meeting. Virtual meetings must be advertised to EBSS-L at least two weeks in advance to adhere to the open meeting policy.

**Tips on Running an Effective Meeting**
• Prepare and distribute an agenda several weeks ahead of the meeting BUT always bring extra copies for those who forget things or for your visitors.
• Ask someone ahead of time to take minutes of the meeting so that you can concentrate on the meeting.
• Have a sign-up sheet ready prior to the meeting so members and visitors can record their name, institutional address, e-mail address etc. The committee roster can serve this function as long as you also provide an opportunity for visitors’ attendance to be recorded.
• Have committee volunteer forms ready for your visitors.
• Start on time and summarize the agenda so that the committee can focus on the work to be accomplished.
• Take time for introductions including name and affiliation. If individuals come in late to a meeting, take time for a second round of introductions during a break in the agenda.
• Make the meeting comfortable: determine if and when a break will be scheduled if the meeting is going to last more than an hour.
• Read and/or approve the minutes of the last meeting.
• Schedule action and discussion items and allow enough time for work to be accomplished.
• Keep the discussion on target and encourage the group to move on to a new topic when they seem to be stuck.
• At the close of the meeting, summarize the actions and discussions taken. Assign tasks to be completed before the next meeting and set time and date of the next meeting.
• For more tips, consult the ALA Meeting Effectiveness podcasts at http://www.ala.org/ala/mgrps/divs/acrl/resources/makingthemeeting/makingthemeeting.cfm
