RE: Fall Meeting Agenda Items

Inventory Levels-ALA Editions and Products & Promotions-

Inventory levels at August 31, 2005, schedule 1, are as follows; ALA Editions \$738,072 and Products and Promotions (Graphics) \$622,796. The ALA Editions inventory reflects a \$49,000 valuation (down from \$53,000 at August 31, 2004) for Guide to Reference Books, 11th Edition. The largest item in the inventory for Products and Promotions at August 31, 2005 are the Read products, valued at \$14,486.

As of August 31, 2005 the excess and obsolete inventory reserves, schedule 2; reflect the following balances, ALA Editions (\$269,000) and Products and Promotions (\$96,000). In FY 2005, Graphics destroyed \$22,000 and ALA Editions destroyed \$64,000 of product deemed excess or obsolete. See schedule 3 for historical destruction levels. Additions to the reserve, net of reductions, through August are \$37,453 for ALA Editions and \$42,700 for Graphics (schedule 4). Testing of the reserve levels was performed as a part of the year-end closing process. ALA Editions reserve was deemed adequate and an additional \$20,000 was added to the Graphics reserve.

Credit and Collections-

The aging of our trade receivables has continued to show improvement. While the 150+ day category has increased to \$187,717 as compared to the August 31, 2004 balance of \$101,149, the change is not material. Total trade accounts receivable are \$2,961,546 at August 31, 2004 as compared to \$1,943,418 at August 31, 2004.

The new fulfillment company, PBD, designed and provided several special year-end reports for use in the year-end close and audit. These reports are being used to test the adequacy of the bad debt reserve and the reserve for credit memos. The pre-adjusted reserve for bad debts had increased by \$61,496 at August 31, 2005 resulting in a balance of \$560,661. Year-end testing of this balance, completed with the first close, noted that the reserve was adequate. Excellent efforts by PBD and Credit and Collections at collecting accounts receivable are a major reason for the adequacy of the reserve.

Annual Audit 2004-

On Monday, July 18, 2005 representatives from Ernst & Young, the Association's audit firm arrived at 40 East Huron to commence the preliminary audit work. Association accounting staff provided the auditors the work papers and reconciliations they have requested so that they can complete the audit in a timely manner. The auditors will return for final fieldwork during the period November 7, 2005 to November 18, 2005.

Cash Management and Bond Fund-

Total cash and short-term investments at August 31, 2005 amounted to \$16,750,716 as compared to \$18,601,885 a year ago. The decrease is mainly related to higher accounts receivable. Year-to-date interest income is \$537,490, which is \$203,243 less than the budget of \$740,773 and \$86,584 less than last year.

The Neuberger Berman bond fund investment balance is \$11,429,831 at August 31, 2005. As noted in schedule 6, this investment has produced over \$5,399,000 in interest income since December 1991 and the yield has been well above the yield from certificates of deposit. With regard to risk of principal, the account finished FY 2005 with a realized/unrealized loss of \$217,019. At August 31, 2005 the cumulative (computed since December, 1991) net realized/unrealized loss is \$335,211. See schedule 7 for additional details.
