Building digital skills with patrons and staff . . .

IN SMALL AND RURAL LIBRARIES
What kinds of technology and digital skills do Colrainians need?
User Stories

As a ______________, I want ________________, so that ________________.
As a young entrepreneur making money by painting faces at the Blueberry Festival, I want to upload photos to the computer and print them off in color, so that I can earn some money for my family.
"I learned so much!"
What We Offer

Dedicated to unlocking the power of technology for social good, TechSoup provides both the digital platforms and in-person experiences that enable people to work together toward a more equitable world. Our programs, projects, and collaborations are designed to build capacity at a global scale with local care.
