ABOUT THE AUTHORS
Timothy W. Cole is mathematics librarian and coordinator for library applications in the School’s Center for Informatics Research in Science and Scholarship at the University of Illinois at Urbana-Champaign. He is the author of XML, for Catalogers and Metadata Librarians (and Using the Open Archives Initiative Protocol for Metadata Harvesting) and has published widely on metadata, linked open data, and the use of XML in libraries. A past editor of the W3C Web Annotation Working Group, he was awarded the 2017 LITA/OCCLT Pepper Award.

Hyang-Ja (MJ) K. Han is a metadata librarian and associate professor of library administration at the University of Illinois at Urbana-Champaign. She has published papers in Library Trends, Library Resources and Technical Services, and the Journal of Library Metadata.
