This directory lists all institutions offering ALA-accredited Master’s Programs in Library and Information Studies. The status of each program is correct as of the date noted above. Please consult the searchable database of ALA-accredited programs, available online at http://www.ala.org/accreditedprograms/directory/search, to search by specific program criteria, including location, distance education offerings, and areas of concentration or career pathways.
This directory provides information about all library and information studies programs that are accredited by the American Library Association (ALA). The information in this directory is current as of the report date above.

Programs are listed alphabetically by the name of the institution. Each entry includes contact information, the name of the accredited program, the date through which it is accredited, the accreditation status, distance education opportunities, and areas of concentration or career pathways within the program. If you have any questions about a program, please contact the program directly. ALA accredits master’s programs in the U.S., Canada, and the United Kingdom only.

All programs listed in this directory are accredited by the ALA and hold one of four accredited statuses:

- **Conditional accreditation status** is assigned to a program that must make changes to comply with the Standards for Accreditation to enable accreditation beyond the date specified. Programs with conditional accreditation status remain accredited and are listed in the directory of ALA-accredited programs. This status may be conferred following the comprehensive review or following issuance of a Notice of Concern.

- **Continued accreditation status** is granted to accredited programs following a comprehensive review that demonstrate with evidence their conformity to the Standards. Also known as “accredited.”

- **Initial accreditation status** indicates that a program has demonstrated compliance with the Standards for Accreditation and has been granted accreditation for the first time following a period of Candidacy status and comprehensive review. Initial accreditation applies retroactively for students who complete degree requirements 24 months prior to the date that Initial accreditation is granted.

- **Withdrawn, Appeal Pending.** While an appeal is in process, the program retains Conditional accreditation status with regard to student status and program reporting requirements. When the COA withdraws accreditation from a program, any student who is enrolled in the program before the withdrawal of accreditation and who completes the degree requirements within twenty-four (24) months after the withdrawal date is considered to have graduated from an ALA-accredited program

For more information on accreditation statuses, see Accreditation Process, Policies and Procedures (AP3), available online at [www.ala.org/accreditation](http://www.ala.org/accreditation).
ALABAMA, UNIVERSITY OF  (Continued accreditation)
Degree program/s accredited by the American Library Association
Master of Library and Information Studies (Next Review: 2025)
Accreditation granted June 24, 2017. Meets all standards. No follow-up reporting required.

EAST CAROLINA UNIVERSITY   (Conditional accreditation)
Master of Library Science (Next Review: 2025)

Standard elements found to be out of compliance: Standard 1.1. Demonstration of ongoing broad-based planning that includes feedback from all constituents, beyond the advisory council (e.g., broader group of employers, alumni, and the professional library community served by the program); Standard II.1 and II.3. Evidence that the program is providing pathways and appropriate curriculum beyond school librarianship; Standard III.1. Evidence that the full-time tenure track faculty are not unduly burdened by the phased retirement of two faculty members; Standard III.2 III.3, III.5, and III.8. Evidence that the program is providing adequate support for research beyond the teaching releases during the first two years, given the 3/3 teaching load, which is reported as inconsistent with university policy, that the unit is ensuring the successful recruitment and retention of faculty from diverse backgrounds, and that non-tenured tenure track faculty are mentored for research within their respective research area in the field of library science; Standard V.6. Provide evidence that the program receives equitable funding at an institutional level relative to program, college, and university revenues.

Master of Library and Information Science (Next Review: 2029)

Accreditation granted June 2022, with Special Report due by March 1, 2023: Describe the student services offered to SLIS Online students by SLIS or the University to meet their needs and how they compare to services offered to LSU Online students (IV.5.4). Provide updates on a broad-based systematic planning process that involves all constituencies the program seeks to serve (I.1, I.1.4). Show that evaluation of the curriculum includes input from representatives from those served including “students, employers, alumni, and other constituents” (III.5). Demonstrate that the program has the “administrative infrastructure, financial support, and resources to ensure that its goals and objectives can be accomplished,” including availability of institutional information to address the lack of compliance with the abovementioned standards (V.1).

MISSOURI, UNIVERSITY OF  
(Continued accreditation) 
Master of Library and Information Science (Next Review: 2030)

Accreditation granted February 7, 2024. Follow-up reporting required in February 2025: Continued dedication to systematic planning, diligent data collection, and the implementation of rigorous assessment measures to inform decision-making processes (Standard I.I, I.2). Demonstrated commitment to the ongoing evaluation of student learning outcomes and curricular enhancements through systematic data collection and analysis (Standard II.6, II.7, IV.6, IV.7). Advancements in the establishment of a formal faculty mentoring program, including the development of processes, structures, implementation, and associated documentation (Standard III.3); Progress in rectifying disparities in compensation for MLIS faculty to ensure parity with other faculty within the institution, accounting for comparable qualification (Standard V.7)

TEXAS AT AUSTIN, UNIVERSITY OF  (Continued accreditation)  
Master of Science in Information Studies (Next Review: 2029)

Accreditation granted June 24, 2029. Meets all standards. Follow-up reporting required by February 15, 2024 regarding: • How student learning outcomes are measured using the new program requirements, including the methods of assessment (direct and indirect performance measures) that indicate how students performed directly related to student learning outcomes, beyond a single grade, and how the findings are used in program and curriculum decision-making (Standards II.3, II.5-7, IV.4, IV.6, IV.7, and IV.8) • Provide an update on the status of the Pathway Advising Tool implementation and its effect on faculty/student advising. Describe the advising process that ensures that students are constructing a coherent program of study. (II.3, IV.4 and IV.5.3)
