Membership Report, CD #44-44.3
Miranda Bennett, Membership Committee Chair, provided the following report:
- As outlined in CD #44.1, the committee asks to extend the membership model timeline, previously adopted and to implement as of FY 24. Additional market research about the price of dues, and a full membership model was successfully conducted at the close of 2022. Therefore, the Membership Committee moves for ALA Council to approve an extended timeline for the membership model implementation until FY 25 due to this additional market research.
- The second action item is in CD# 44.2, adjusting membership dues. In recent history, ALA Council has taken action to empower the ALA Executive Board to adjust personal membership dues annually as long as that increase does not exceed the Consumer Price Index. The committee would like to extend this practice, as well as including organizational and corporate dues. ALA Executive Board and Budget Analysis and Review Committee (BARC) are in favor of the action as well. Therefore, the ALA Membership Committee moves that beginning in FY 24 and continuing for five years, all member dues will be reviewed by the ALA Executive Board, which may approve a dues adjustment not to exceed the percentage change in the national average Consumer Price Index, the CPI, for the previous calendar year, rounded to the nearest dollar.
- The final action item in CD #44.3 concerns Round Table dues standardization, and it includes two separate votes. As part of Forward Together, the Round Table Dues Standardization Task Force was created to tackle the work of standardizing Round Table dues. The Task Force provided a ranked list of three potential dues scenarios, as well as two potential safety net
scenarios to mitigate any significant adverse impact on any individual round table. The ALA Membership Committee reviewed this work and deliberated very carefully in selecting the actions to bring forward today. The action items have been approved by the ALA Executive Board, and BARC is in favor. The Membership Committee moves two actions:

1. Approval of the recommended dues rate for all 19 round tables, starting in FY 24, as outlined in CD #44.3
2. Approval of a safety net provision which provides a three-year financial subsidy to those round tables that experience a significant negative revenue impact, and it also ensures that no round table will lose their Council representative during this time.

Chair Bennet moved on the recommendation of the ALA Membership Committee, the ALA Council to approve an extended timeline for the ALA membership model until FY 25 due to additional market research, CD #44.1

Freedom to Read Foundation Report, CD #22

Freedom to Read Foundation (FTRF) President, Peter Coyle, provided the following report:
- New litigation:
  - One of the most important statutes that enables and protects libraries' provision of Internet access and online information resources is Section 230 of the Communications Act of 1934. Next month, the Supreme Court will hear oral arguments in Gonzalez v. Google, a lawsuit filed against Google and its YouTube service under the Anti-Terrorism Act by Reynaldo Gonzalez. He and other parties are asking the court to interpret the provision to exclude the immunities; however, if providing URL to content falls outside the protections for third-party providers, then any host or provider of access to third-party content is unprotected and could subject the provider to possible legal liability. This includes libraries and the services that provide content to users. FTRF has joined the Electronic Frontier Foundation, the American Library Association, Association of Research Libraries, and the Internet Archive in an amicus brief authored by the Electronic Frontier Foundation that urges the Supreme Court to preserve the immunities provided by Section 230
  - Recent effort by Virginia congressional candidate to have the books Gender Queer and A Court of Mist and Fury declared obscene for viewing by minors in that state was
defeated

FTRF staff and legal counsel continue to provide guidance, information, and support to library workers, students, and parents addressing book censorships in their communities, including those filing the suits to defend their right to read, such as Leila Green Little v. Llano County, Texas; CKW versus Wentzville R-IV School District; and Gibson Brothers v. Oberlin College, described in more detail in the report

- Held a panel yesterday, “Book Bans, Libraries and Law, standing up to library censorship in Louisiana and beyond”
- Over 500 people registered to attend the Freedom to Read Foundation’s online two-day symposium, Where Intellectual Freedom and Social Justice Meet: A Call to Action
- Symposium co-chair Sophia Sotilleo is the guest editor for a special edition of the Journal of Intellectual Freedom & Privacy titled "Social Justice and Intellectual Freedom: Working Within a Divided Nation," which will preserve and carry forward the conversations begun during the Symposium. This special edition is anticipated in winter of 2023
- FTRF Developing Issues Committee is undertaking a sustained deep dive into factors impacting the heightened pressure on libraries to censor content, including censorship control efforts and harassment focused on LGBTQI+ persons and content, as well as content produced by Black, Indigenous, and persons of color
- Judith Krug Memorial Fund provided grants to schools and libraries last year supporting efforts of Banned Books Week, including Athens Clark County Library in Athens, GA; Friends of the Chesapeake Public Library, Chesapeake, Virginia; Keen University Common Read Program in Sayer, Pennsylvania; Mary Lou Johnson Harden County Library in Kenton, Ohio; Medina County District Library in Medina, Ohio; and the Silver Library in Paramus, New Jersey.
- The Krug Fund’s successful partnership with the University of Illinois iSchool and the San Jose State University School of Information ensures the dedicated graduate coursework addressing the practice of intellectual freedom in libraries remains available to those preparing for this profession
- Encourage all ALA councilors and members to join as personal member of the Freedom to Read Foundation, as well as encouraging your institutions to join
- Also encourage councilors and members to support the Merritt Fund, which supports librarians and library workers who have lost their employment or have legal bills or other challenges in direct relation to First Amendment challenges

- The original vote at Annual occurred at Council II, on January 23. Then the second vote did not come up in the consecutive meeting, which would have been Council III, but was held at a later special meeting
