3. charges the Working Group on Intellectual Freedom and Social Justice, with a representative from the Committee on Diversity, to review neutrality rhetoric and identify alternatives, sharing findings by July 1, 2021;

6. will establish a working group to review these areas with ODLOS to provide a list of recommendations for implementation that will explore opportunities for restorative and reparative measures.

Cindy Hohl was appointed to the Working Group on Intellectual Freedom and Social Justice CD#19 co-led by Dr. Martin Garnar & Valarie Bell, with the group participating in online discussions to explore alternatives to neutrality and prepare a draft of the Radical Empathy
Report as submitted to ALA Council in June 2021. Further, a session on 1/22/22 was presented at the LibLearnX conference: 50+ Years in the Making: Claiming Social Justice as a Core Value. The group continued the work offering a webinar series in April, May, and June of 2022.

There were several additional questions from the committee about the scope of this work and the need for more information about the internal operation of ALA as referenced under bullet point #5 in connection to the EDI Taskforce for a full assessment of the current body of work as a whole. To move the evaluation process forward, the working group decided to focus on bullet point #6 to establish a working group to review these areas with ODLOS to provide a list of recommendations for implementation that will explore opportunities for restorative and reparative measures. A reading list was developed with a compilation of the key points for further discussion and review.
