INSTRUCTIONS TO UNSHELVERS

Load carts starting from the **TOP**, with the **BLACK** end of the truck to your **LEFT**.

Number each cart using the pre-numbered sequence cards provided. There are 100 cards in a pack. If you load more than 100 carts, start the numbering over with a new pack of the same color.

When you finish an assignment, return any cards you have left over and report to the Dispatch Desk for a new assignment.

Make sure you keep carts exactly in order.

Stay with your team. Don’t “help out” another team. If they get behind, we’ll assign them extra help.
