13:40:45 From Megan Benson : those who offer yoga, is it a library employee or a yoga teacher in the community?

13:40:51 From Mary Davis Fournier : Totally borrowing some of these fantastic questions!

13:41:01 From Holley Wesley : I am also interested in questions to measure engagement. All I can think of are questions about satisfaction with the programs.

13:41:02 From Julie McAllister : yoga teacher for us

13:41:04 From Diane Annunziato : Yoga teacher from the community.

13:41:06 From Shubha Pathak : do the children learn any rhymes or connect with objects at home

13:41:23 From Mary Davis Fournier : sooo meta.

13:41:31 From Ethan Galvin : Did the poetry reading offer you peace and tranquility?

13:41:32 From Ali Turner : In a virtual environment you can also measure if patrons stay for they whole program by looking at stats (related to was it worth their time)

13:41:37 From Shubha Pathak : say for example the clock is like a circle

13:41:40 From Elizabeth Brown : I usually ask that if patrons did the craft at home to take a picture and put it in the comments

13:41:46 From Cecilee Salyers : Library employee, attained yoga certification as CE.

13:42:07 From Lisa Lockheart : WE ask storytime families to post a picture of themselves watching or interacting with the storytime. Some really cute pictures.

13:42:09 From Karen Stevens : Yes, I don't think I know how to measure outcomes when goal is engagement. All I can think of are questions about satisfaction with the programs.

13:42:17 From Sarah Schmidt to All panelists : Does anyone who does virtual yoga programs worry about liability? I've got a willing teacher, but my bosses are worried about whether we could get sued if someone injures themselves at home?

13:42:18 From Jenny Fry : What did you learn from reading this book?

13:42:21 From Courtney Holtzman : In our fiber arts meetups: are you interested in attending again next week? Or Do you feel like you were able to connect more with fellow knitters/crocheters in your community?

13:42:29 From Kate Haley Goldman : Something about how connected you feel to the library

13:42:32 From Amalia Butler : @Alli Turner: I have used that data to make adjustments to my virtual programs.

13:42:33 From Lisa Lockheart : Did you check out any of the books we talked about today?

13:42:49 From Tina Brewster to All panelists : hi cecilee

13:42:51 From Laura Beth Fox-Ezell to All panelists : Hi Cecilee :) we are yoga librarians of WCPL, Warren County, KY!

13:42:56 From Deirdre Johnson : Do you feel you can now make a Tok Tok shuffle dance video? Would you like to share your video with us?

13:43:15 From Jenny Fry : What's the one thing you'd suggest to improve this programs?

13:43:22 From Deirdre Johnson : Will you tell your friends about this program?

13:43:56 From Brett Silver : Sorry about repeat chat posts folks. I myself am using screen reading software and zoom isn't the most screen reader friendly.

13:44:12 From Salena Collier : Do you think the JobNow (Brainfuse) service will help you improve your resume, so you gain new employment?

13:44:17 From Cecilee Salyers : No worries.

13:44:36 From Cecilee Salyers : But Zoom should take note of that, though.

13:44:50 From Emily Buser : what are parental permissions/privacy issues around asking questions of students under 18?

13:44:55 From Brett Silver : There's not always a confirmation that my chat posted, so that's why.

13:45:01 From Jenny Fry : How do I preserve the chat?

13:45:11 From Mary Sanders to All panelists : what is another way to reach patron if they don't have access to internet and they lives in the rural areas

13:45:12 From Kate Haley Goldman : *****Great question about the parental permission!!***

13:45:12 From Deirdre Johnson : Good question, @Emily Buser!

13:45:25 From PLA Webinars : We'll capture and share the chat transcript with the webinar recording.

13:45:36 From Sharon Anderson : Thank you

13:45:38 From Meg Mitchell : What's a good response rate? 50% or more of attendees?

13:46:01 From Cheryl Sidwell : How do you do this for pre-recorded programs that patrons can access at anytime?

13:46:07 From Jenny Fry : I'll have to see if Microsoft Teams can do that, we are not permitted to use Zoom

13:46:21 From Lauren Chambers : Great question Meg! I'd love to know that as well.

13:46:48 From Joanne Piombino Browning : How has attendance been at virutal programs?

13:46:52 From Katrina Hohlfeld : @Cheryl could you ask at the end of your ecording for them totake a survey and then provide ink?

13:46:56 From Ali Turner : We share a Qualtrics link as part of program content to collect responses for pre-recorded programs

13:47:00 From Amalia Butler : @Cheryl Sidwell: I was thinking about possibly recording a short video asking patrons to fill out a survey. For example, to add the survey video to the storytime playlist. I am not sure, thoug.

13:47:02 From Macklyn Mosley : Could you offer a Zoom Focus group?

13:47:10 From Cheryl Sidwell : @Katrina - will try that...see what kind of response we get

13:47:19 From Courtney Holtzman : Kahoot is a super fun tool! But I use those more internally than with the public. Still a good tool though.

13:47:31 From Salena Collier : The less survey questions the better. Library patrons dislike long surveys with 10 plus questions.

13:47:40 From Ali Turner : love that @Maclyn, we are seeing the intersection of programs and community engagement online...

13:47:40 From Giovanna Iannace : We have large numbers sign up for our virtual programs and then about half actually show up

13:48:04 From Joanne Piombino Browning : thank you

13:48:08 From Lina Crowell : We have had great attendance at virtual programs so far.

13:48:18 From Brett Silver : That just doesn't apply to library patrons. I personally hate long surveys too. lol

13:48:30 From Lynne Miller : We link a survey in our Zoom chat so that participants can easily click through to the form. Super easy.

13:48:33 From Laura Beth Fox-Ezell to All panelists : How would you suggest measuring outcomes for Facebook live programs?

13:48:41 From SHELLY THACKER to All panelists : Is LIVE or pre-recorded better?

13:48:45 From Sharon Anderson : Are the slides available?

13:48:47 From Shannon Pauley : We usually only send a 2-5 question survey

13:48:59 From Carol Jones to All panelists : When respondents said "everything" I didn't see where you put that. I would put a tick in every column!

13:49:03 From PLA Webinars : A follow-up email will be sent to all attendees (typically within 1-3 business days) with a link to the webinar recording. Also included will be the chat transcript, PDF versions of the slides, and a link to a boilerplate certificate of completion for this webinar that you can personalize as needed.

13:49:05 From Jenny Fry : Book chats

13:49:06 From Karen Stevens : trivia program?

13:49:09 From Kristen Allen-Vogel to All panelists : book clubs

13:49:14 From Bonnie Anderson : how about engagement for a digital dance party

13:49:15 From Shannon Pauley : We send most through our enewletter but are going to try a fb poll

13:49:20 From Jessica Allmon : We're doing a passive trivia program

13:49:23 From Holley Wesley : Coffee Klatch is our weekly community discussion

13:49:27 From Deirdre Johnson : OK, Engagement could be the number of people watching a library video of a craft or storytime

13:49:27 From Erik Burton : An outcome for engagement events could be that users express an interest to return for a future session.

13:49:31 From Marie Maltby : live read

13:49:32 From Lori Michelon : working with underage kids and SM - how to do that

13:51:01 From Jenny Fry : thanks

13:51:29 From Courtney Holtzman : I ask that in my classes a lot. What was your big takeaway? Or what was the more difficult or most fun part of the class/program?

13:51:47 From Rebecca Millerjohn : they could share what they made? if you were doing a Facebook maker program. they could post a picture or share their products? that would show they were engaged in the process

13:51:50 From Salena Collier : We are also going to social media and Eventbrite to promote our virtual program.

13:52:25 From Rebecca Millerjohn : they could ask a question about the book- that would show that they were engaged in the book talk/storytime or program. you could monitor those interactions

13:52:37 From Lisa Lockheart : We are mostly hearing from their parents

13:52:44 From Kate Haley Goldman : That's not enough, it could violate COPPA

13:52:50 From Macklyn Mosley : What are your thoughts on offering a Zoom Focus Group with a few specific patrons from varying background, nationalities, and economic statuses?

13:52:51 From Kate Haley Goldman : Both the chat and the survey

13:53:04 From Rebecca Millerjohn : just engaging in the chat by a certain number of attendees would give you information about the "engagement" of the program

13:53:55 From Theresa Boulrice : One of my coworkers uses Discord for teen programming because teens are so familiar with it.

13:54:09 From Jenny Fry : We must use MS Teams

13:54:10 From Deirdre Johnson : I'm starting to do that now, too.

13:54:16 From Sarah Herford : Any advice for accurately measuring engagement and attendance for virtual programming (specifically pre-recorded videos posted to social media or YouTube where live chat interaction is not available)?

13:54:17 From Brett Silver : Google hang out and skype are really good platforms. Google hang out is especially accessible.

13:54:27 From Deirdre Johnson : Discord, I mean. Also Google meet

13:54:51 From Courtney Holtzman : We use Discord for a D&D program, but our IT dept isn't allowing it for other programs currently from a security standpoint. Could change.

13:54:55 From Amalia Butler : @Sarah Herford: In the YouTube analytics tab you can see how long people actually viewed.

13:55:26 From Theresa Boulrice : Roll20 is another great platform for D&D it even provides digital dice for those who don't have any

13:55:26 From Kate Haley Goldman : It would have been better to ask questions in the Q&A here, as then we could have upvoted

13:55:28 From Dulce M. Juarbe to All panelists : Thanks for all you are doing for us!

13:56:07 From Kristen Allen-Vogel to All panelists : For our personal RPGs, my group's using Roll20 for the table top but Discord for the audio.
