Title: Jabulani Rural Health Foundation General Manager

Email: info@jabulanifoundation.org

Website: N/A Type of Library: Public Library

Population Served: 400

Languages Spoken by Staff: English, Xhosa

Region Preferred: Africa

Reason for wanting a Sister Library Relationship: We are hoping for some mentorship and advice from professional library staff as our library is currently run by volunteers and others without much formal training. The library has been growing very quickly, and we want to maximize the benefit we are able to offer to our patrons. We are also a very special and unique library serving an indigenous population of Xhosa people in a small village in the Eastern Cape of South Africa and we have a lot to share with a sister library as well.
