Public Awareness Committee

Adapting the Championing Children's Services Toolkit

#alscmm20

What is the Championing Children's Services Toolkit?

- The concept of the Championing Children's Services Toolkit was developed by the 2016-2018 Chair of ALSC's Public Awareness Committee, Christy Estrovitz. Inspiration came from the fourth Advocacy objective of ALSC's Strategic Plan (2017-2020), which calls for an, "increase [in] targeted messaging to the wider library profession and the public about the expertise of ALSC and our members to demonstrate the purpose and value of strong and meaningful children's librarianship by September 2019."
- After receiving approval for the project from the ALSC Board, the Public Awareness Committee began working on the toolkit in September 2017. Under co-chairs Skye Corey and Mary Schreiber, the committee continued the work started by Estrovitz, completing the toolkit in June 2019. The Championing Children's Services Toolkit encompasses a variety of easy to use advocacy resources to empower Children's staff to engage their communities to build healthy successful futures for children.

Check out the toolkit here: <http://www.ala.org/everyday-advocacy/speak-out/alsc-championing-childrens-services-toolkit>

How can we use it?

- Use this time to reflect: Ask yourself, why do I do things the way I do them? When your answer is strongly supported by your experience and fact, that is what you write on your postcard. That is what you highlight.
- Make the most of the technology you have available!
- Share your screen while highlighting the Early Learning and Development Standards infographic. Tell viewers how they look during virtual storytime.

ALSC Equity, Diversity and Inclusion Task Force

#alscmm20

Q1:

What are you doing specifically to
dismantle white supremacy in your
community?

In your library?

#alscmm20

Q2:

What is one tangible and immediate thing you can do/change to support Black, Indigenous, people of color (BIPOC) in your personal/work life?

Are you supporting and amplifying the BIPOC voices of your colleagues?

#alscmm20

Q3:

Have you examined your library's policies and thought about how they might be oppressing BIPOC?

Does your library have equitable hiring practices?

#alscmm20

Q4:

What can ALSC do to support you in dismantling racism in children's librarianship?

#alscmm20

Parting Thoughts

To our BIPOC colleagues - Please do what you need to do **take care** of yourself. If ALSC, or the task force can do anything to support you, please reach out.

To our white colleagues - How are you addressing your own white fragility? How are you interrupting it in others?
