Supporting Patrons to Obtain In-Demand Credentials That Boost Employability and Career Mobility

Third in the free PLA webinar series
Public Libraries: Partners in Workforce Development

September 23, 2021
PLA is collaborating with Libswork on the Public Libraries: Partners in Workforce Development webinar series with the following goals:

• Establish and promote relevant resources, tools, and training for library and workforce partners to strengthen services;
• Increase staff awareness of the workforce ecosystem, program and service options, and potential collaborators and funders;
• Increase staff confidence and likelihood to (co)develop and/or expand workforce and career services;
• Document and share successes.
