

How to Find a Doctor

You get the most out of your medical plan by using an in-network provider.

To see if your provider participates in the Blue Cross Blue Shield network—or to find one who does—simply log on to <https://www.bcbsil.com/find-care/providers-in-your-network/find-a-doctor-or-hospital>.

Under “Find a Doctor or Hospital” click on “Search as a Guest”.

Narrow Your Search Results

Please select a plan/network to limit search results to the plan's in-network providers.

Browse by Category or Search for Names and Specialties

Fill in criteria you have, doctor's name, zip code of area you want to find a doctor in, etc. Then pick one of the providers listed.

How to Find a Doctor, Continued

If you are enrolling in one of the two [HMO plan options](#), you are required to choose a Primary Care Physician (PCP) and Medical Group (IPA) who participates in the selected HMO network and who is available to accept you and/or your family members.

You will need the 9-digit PCP#:
