Summary of Plan Limitations and Exclusions

The policy has exclusions and limitations that may impact the eligibility for or entitlement to benefits under each covered condition. There are limitations & special requirements for each condition. See the certificate of coverage or contact your sales representative for full details. This policy will not pay for a diagnosis of a listed critical illness that is made before the covered person's Critical Illness insurance effective date with Guardian.

- We will not pay benefits for the First Occurrence of a Critical Illness if it occurs less than 3 months after the First Occurrence of a related Critical Illness for which this Plan paid benefits. By related we mean either: (a) both Critical Illnesses are contained within the Cancer Related Conditions category; or (b) both Critical Illnesses are contained within the Vascular Conditions category.
- We will not pay benefits for a second occurrence (recurrence) of a Critical Illness unless the Covered Person has not exhibited symptoms or received care or treatment for that Critical Illness for at least 12 months in a row prior to the recurrence. For purposes of this exclusion, care or treatment does not include: (1) preventive medications in the absence of disease; and (2) routine scheduled follow-up visits to a Doctor.
- We do not pay for a third or later occurrence of a critical illness.
- First & second occurrence refers to the first & second time an insured experiences or is diagnosed with a covered critical illness while covered under Guardian Critical Illness insurance.
- A pre-existing condition includes any condition for which an employee, in the specified period of time prior to coverage in this plan, consults with a physician, receives treatment, or takes prescribed drugs. Please refer to the plan documents for specific time periods.
- If the plan is new (not transferred): During the exclusion period, this critical illness plan does not pay charges relating to a preexisting condition. If this plan is transferred from another insurance carrier, the time an insured is covered under that plan will count toward satisfying Guardian's pre-existing condition limitation period. Please refer to the plan details for specific time periods. State variations may apply.
- In order to be eligible for coverage: Employees must be legally working: (a) in the United States or (b) outside the United States, for a US based employer, in a country or region approved by Guardian. Subject to state specific variations.
- Employees must be working full-time on the effective date of coverage; otherwise, coverage becomes effective after the completion of the specific waiting period.
- Health questions are required for all late enrollees. Benefit increases may require underwriting.
- This coverage will not be effective until approved by a Guardian underwriter. This proposal is subject to satisfactory financial evaluation. Please refer to certificate of coverage for full plan description; plan documents are the final arbiter of coverage.
