

PACKING and ASSEMBLING the ALA EXHIBIT-IN-A-BOX

To **ASSEMBLE** this exhibit, simply unpack the materials, (SAVE ALL PACKING MATERIALS) and slide the graphics panels into the bases. Make sure the panel is level, and in as far as it can go.

To **PACK** this exhibit for shipping:

PANEL BOX

1. Lay bottom of box flat.
2. Layer foam sheet on bottom.
3. Put one graphics panel in bottom of box
4. Layer foam sheet on top of panel.
5. Place second graphics panel on foam.
6. Follow with another sheet of foam, and graphics panel until they are all in the box. (Figure 3)
7. Place box top over bottom
8. Buckle attached straps
