

**YALSA Board of Directors Meeting  
Via Conference Call  
February 25, 2010**

**Topic:** Update on Action Plan

**Background:** During its Midwinter Meetings in Boston the YALSA Board did not have time to discuss the Association’s Action Plan. In February the Board did have a discussion on the plan via ALA Connect. This document focuses on highlights of that discussion.

**Action Required:** Discussion

- 
- The YALSA President needs to move forward with the development of a letter on the importance of YA to distribute to schools of Library & Information Science.
  - Board members are very interested in finding ways to promote all of YALSA lists and have several ideas for how to do that, including asking a list committee chair and/or an author to be a part of a First Wednesday event and working to guarantee that bookmarks are as widely available as possible.
  - It’s important for YALSA to continue to connect with other organizations and associations in order to promote YALSA and its research initiatives.
