IV. Proposal Narrative
Before you compose the narrative part of this application, we strongly recommend that you read the grant guidelines carefully. All sections below are required, unless specified otherwise. Please ensure that you fully answer all the questions listed above each narrative field. If you do not, your application is unlikely to be competitive.

This section contains four required narrative questions. Note that your response for each question is limited to 3,000 characters (including spaces and punctuation). Please respond to all elements of each question.
**Community and Library Information**
Describe your library and the community it serves, including demographics, dynamics, and key issues or challenges it faces. What should reviewers know about your library and community in order to understand your proposed project?

*Character Limit: 3000*

**Primary Audience**
Describe the primary audience for your project. Why did you choose to focus on this audience? How, if at all, do you currently serve this audience? What are your plans for outreach efforts to engage this audience throughout the project? What are your overarching goals for engaging this audience with your project?

Please note that while many people of an older age have disabilities, age itself is *not* a disability. For a definition of disability or examples of what is considered a disability, please visit the project FAQ page.

*Character Limit: 3000*

**Rationale**
What challenge or opportunity does your project seek to address for the primary audience? How was it identified? Describe how you used relevant information from reliable sources to define the need, challenge, or opportunity you seek to address.

*Character Limit: 3000*

**Project Plan**
Describe your preliminary plan for addressing the challenge or opportunity identified. What activities will you carry out to execute the plan? How has the input of the primary audience influenced this plan? How will the perspectives and input of the primary audience continue to be incorporated throughout the project? How will you share information about the project and its outcomes? Do you have any community partners in mind (existing or new) that you plan to engage in the process?

**IMPORTANT NOTES**
All selected sites will be required to facilitate at least one community conversation with the identified primary audience to discuss accessibility in the community and library in order to collaboratively identify existing resources, needs/gaps, and priorities. Sites will be expected to revise or affirm their preliminary plans based on the outcomes of the conversation.

*If you previously received an LTC: Access grant you should discuss how your plan either expands upon the work of your first award or is different from your first project.*
