Notes from BARC and F&A Meeting, April 2021:

- Membership is 10-15% lower (52,000)
- 7004 people attended Midwinter 2021- they had budgeted for 5000
- FY22:
 - Build a budget with a contingency to get us through unexpected events
 - 1.7 million budget deficit- improved from last year (was 6 million last year)
 - 2022 budget is built with no furloughs
- 5 Year Plan
 - Goes to 2026- aim to be balanced and aim to have net revenue
 - Payroll is at 54% now- our peer metric is at 40% from ASAE. We have opportunities to align with our peers. How to do this? Calling out these costs. We want a staff to member ratio that works. Trying to benchmark standards so ALA isn't an outlier (not heeding best practices).
 - Need divisions to help us get to a good place
 - If we continue to operate as we are, we will be slightly under zero mark and we simply cannot afford that.
- ALA needs funds that will support our mission- we are one ALA
